

LG Home Appliances

Fall 2024

LG is committed to making sure that each of our products perform at the highest level for years to come. We are constantly innovating to make sure our customers can purchase with confidence, and pride ourselves in creating the most reliable appliances on the market.

*According to a 2023 leading consumer testing organization

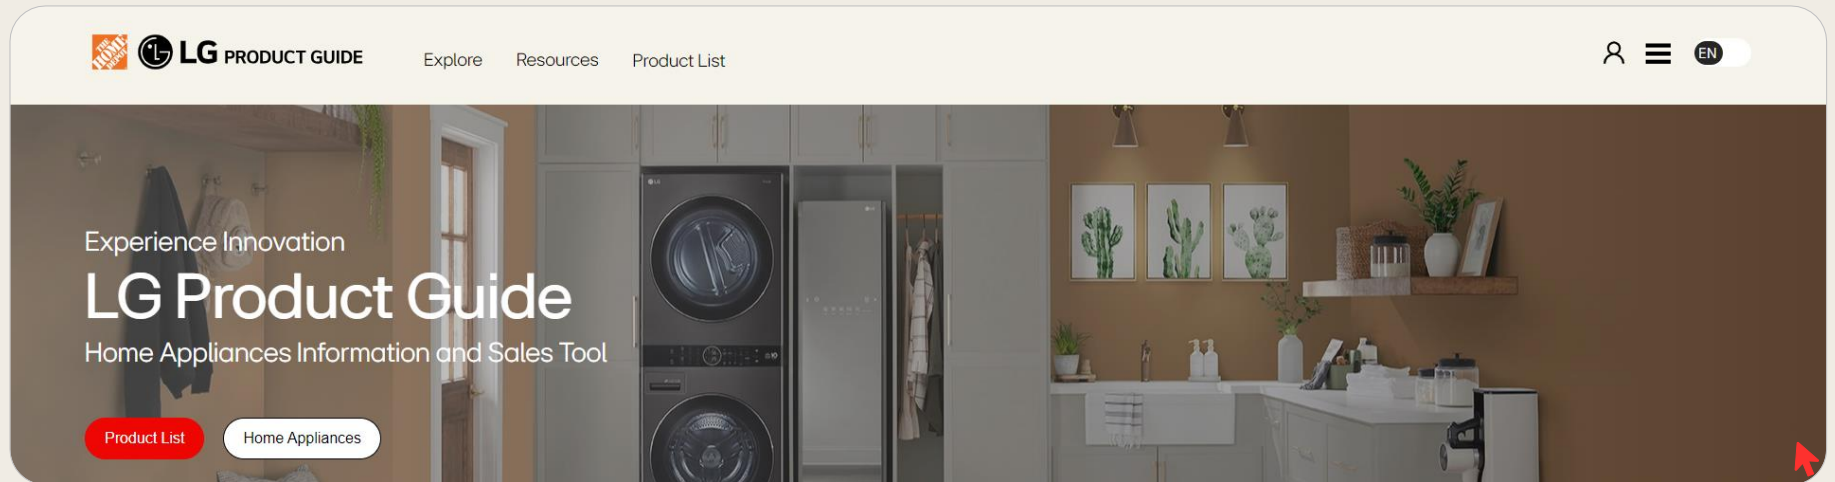

In 2024, Consumer Reports has updated their Appliance Brand Reliability Rankings and LG keeps its place at the top of the chart. LG rates second overall, and number one when it comes to brands that have been tested across every major category. This means that you and your customers can feel confident when making the choice to purchase any of our appliances.

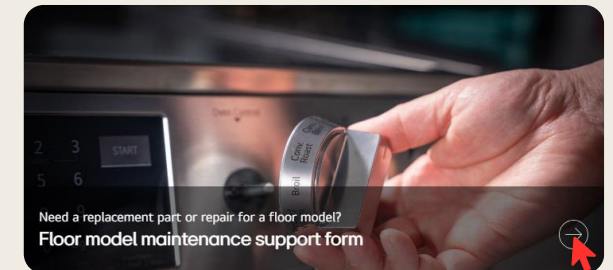

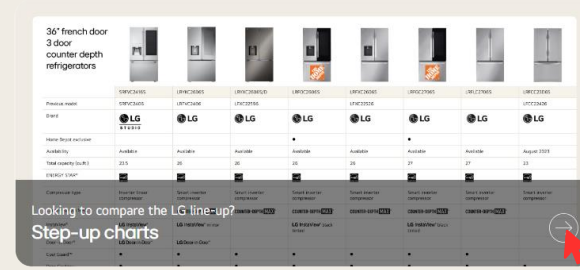

Product Guide

This is where you'll find detailed information on every single LG appliance! Its Product List also lets you build and print appliance info packages for your customers.

LG's Smart Cooling System

Our innovative cooling technology is designed to maximize food preservation by minimizing temperature fluctuations. Our smart compressors react quickly to humidity and temperature changes to help keep your food fresher, longer. Meanwhile, strategically placed vents in every section help to surround your food with cool, fresh air no matter where you put it. All this amazing cooling is also backed by a 10-year part warranty on each and every compressor we manufacture.

The promotional graphic features a red background with the LG logo at the top. The main text reads "MAX out your choice, FILL your fridge" in white. Below this, it says "Receive a \$200 VISA Prepaid Card" in white, with "\$200" in a large font. A smaller line of text states "to fill your fridge when you purchase any qualifying 33" Wide French Door Standard Depth or Counter Depth Refrigerator.*". In the center, there is a photograph of a man in a kitchen, holding a yellow grocery bag and looking into an open LG refrigerator. At the bottom left, there is a QR code. To the right of the QR code, the text says "Scan here to redeem VISA Prepaid Card." Below the QR code and text, there is a small disclaimer: "Offer valid from October 3 to November 20, 2024. *Available while quantities last. Terms and conditions may apply. See retailer for details. Cannot be combined with any other offers or promotion. Claim must be submitted online by December 23, 2024 with or without serial number. Do not wait for appliance delivery. Customer will have until February 23, 2025 to submit serial number. Refrigeration Smart Learner via ThinQ®

Smart Fresh Air | Smart Energy Saving | Smart Ice Plus

LG ThinQ refrigerators use AI to monitor and learn from your household usage habits, optimizing their performance through three key functionalities:

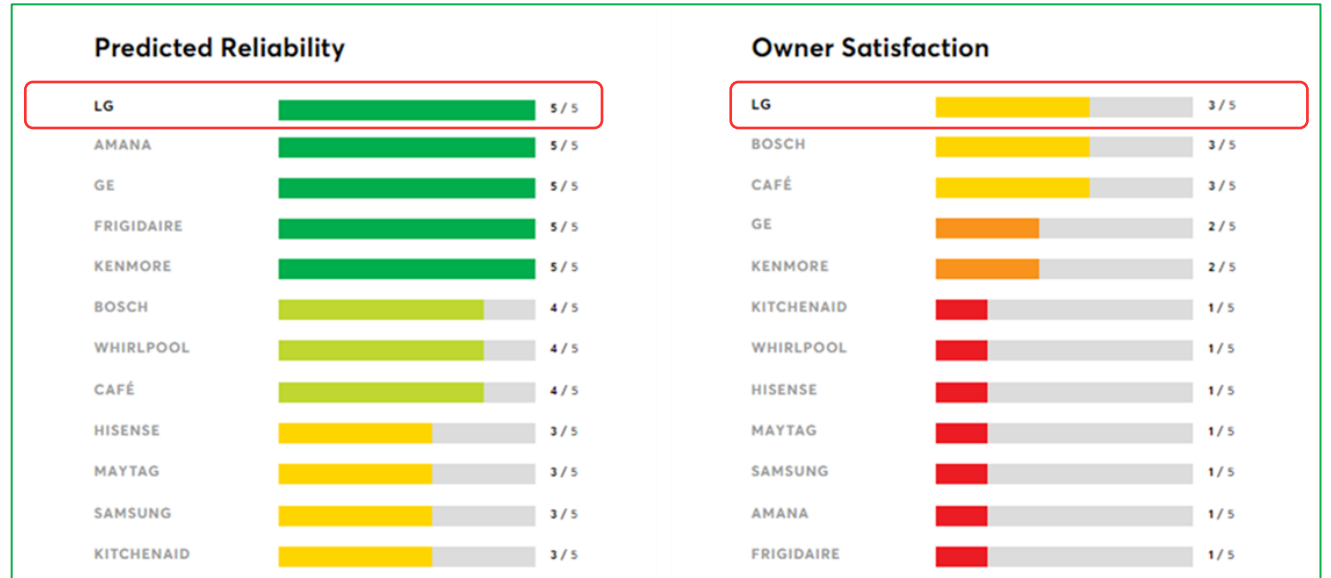

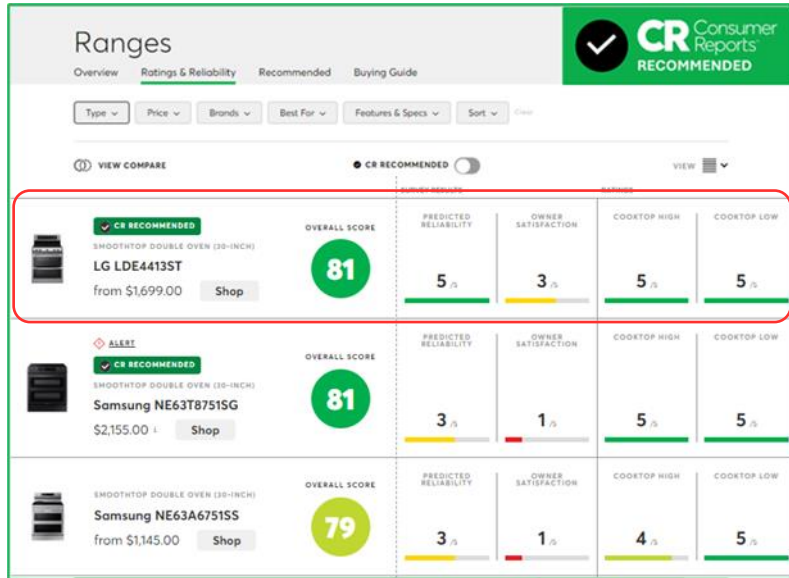

- **Smart Fresh Air**
By tracking how often the fridge is opened, it adjusts the cooling system to maintain optimal freshness, keeping food fresh longer.
- **Smart Energy Saving**
This feature analyzes energy usage patterns and adjusts power consumption accordingly, saving energy without sacrificing performance.
- **Smart Ice Plus**
Based on usage, the refrigerator can boost ice production during high-demand periods, ensuring you always have enough ice when needed. These smart features help enhance convenience, efficiency, and freshness in everyday use.

Electric Double Oven Ranges

LG leads the pack in double oven ranges, earning top marks from Consumer Reports. Known for innovation and reliability, LG models boast high performance cooktops, advanced cooking features and energy savings.

LG Cooktops & Ranges were first in the industry certified to new Energy Star[®] specifications

As ENERGY STAR Partner of the Year, we are proud to usher in the new ENERGY STAR cooking category, which will help consumers further reduce their carbon footprint. ENERGY STAR certified induction cooking products are key elements of our broader electrification strategy, which empowers customers to convert buildings to conserve energy, saving money and protecting the environment in the process.

Installs anywhere (120V, self contained water reservoirs)

Color | White

23.63"W x 77.68"H x 23.81"D

Sanitary Cycles

Asthma Canada Certified

Introduction Date

January 2025

SC5MSR40 RX5 Stylers

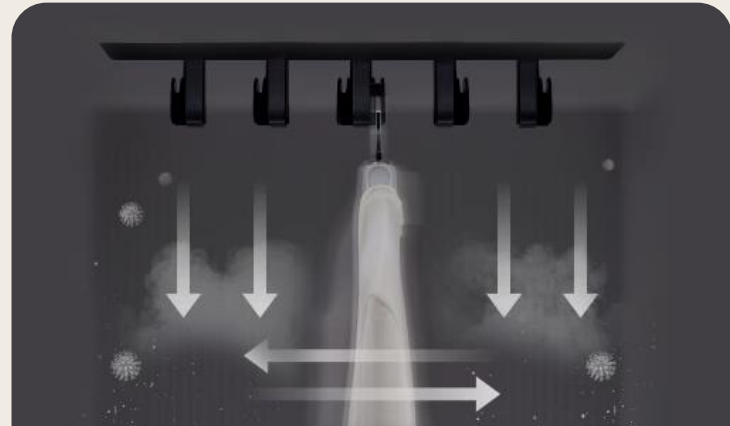

Key Features

Dual TrueSteam®

Deodorize, sanitize and refresh. By optimally adjusting the amount of steam, Styler can manage everything from general cotton fabrics to delicate silk, wool and cashmere with specific cycles.

LG Exclusive Moving Hanger System

Our exclusive hanger design shakes dust and allergens out of your fabrics. Then TrueSteam carry's the particles away from you garments by trapping and sending them to the floor.

Pant Press

Equipped with a new folder design that pulls and presses the pants to reduce wrinkles and maintains the fit. Neatly cares for wrinkles behind the knees and easily holds the pants in place.
